Safe reagent rack/ hanger

UNA TECH, Safe laboratory & Safe Research

Safe Reagent Rack/Hanger is for an auxiliary reagent bottles and its practical and compact design helps you improve laboratory environment and maximum use of laboratory space.

- Effective storage system
- Chemical property based classification system
- Suitable for auxiliary reagent bottle
- Slide shelve-type
- Damage-proof/Fire-proof/Explosion-proof

* SAFEZON Safe Reagent Storage is the only existing reagent cabinet which can with stand against earthquake of Richter Scale Magnitude 7.0. (Certified by KIMM and SGS)

SMBA EPC No. 250
Patent No. 10-1081838
Utility No. 20-0450066

※ Dimension or specification is subject to change for better performance.

Safe reagent storage

Safe reagent bottle container

Adjustable divider of Safe reagent bottle container allows you to organize various sizes of reagent bottles. Its locking system ensures a preservation of reagents and research outputs from external impact or vibration.

02_ Moving type

SZ-EB01
380 × 300 × 100

SZ-EB02
500 × 380 × 100

SZ-EB03
530 × 500 × 100

SZ-EB05
420 × 492 × 65

- Internal space can be adjusted by divider in all direction.
- Reagent bottle can be protected from crash or vibration.
- Reagent bottle can be protected from overturning or falling.
- Reagent bottle can be classified by color
- GHS (Globally Harmonized System) Certified

Safe reagent bottle trolley

Safe reagent bottle trolley is designed for safe delivery and storage of reagent bottle with great impact-vibration resistance, 360degree rotation wheels and locking wheel system.

02_ Moving type

SZ-SH03S
490 × 556 × 900

SZ-SH03L
640 × 555 × 900

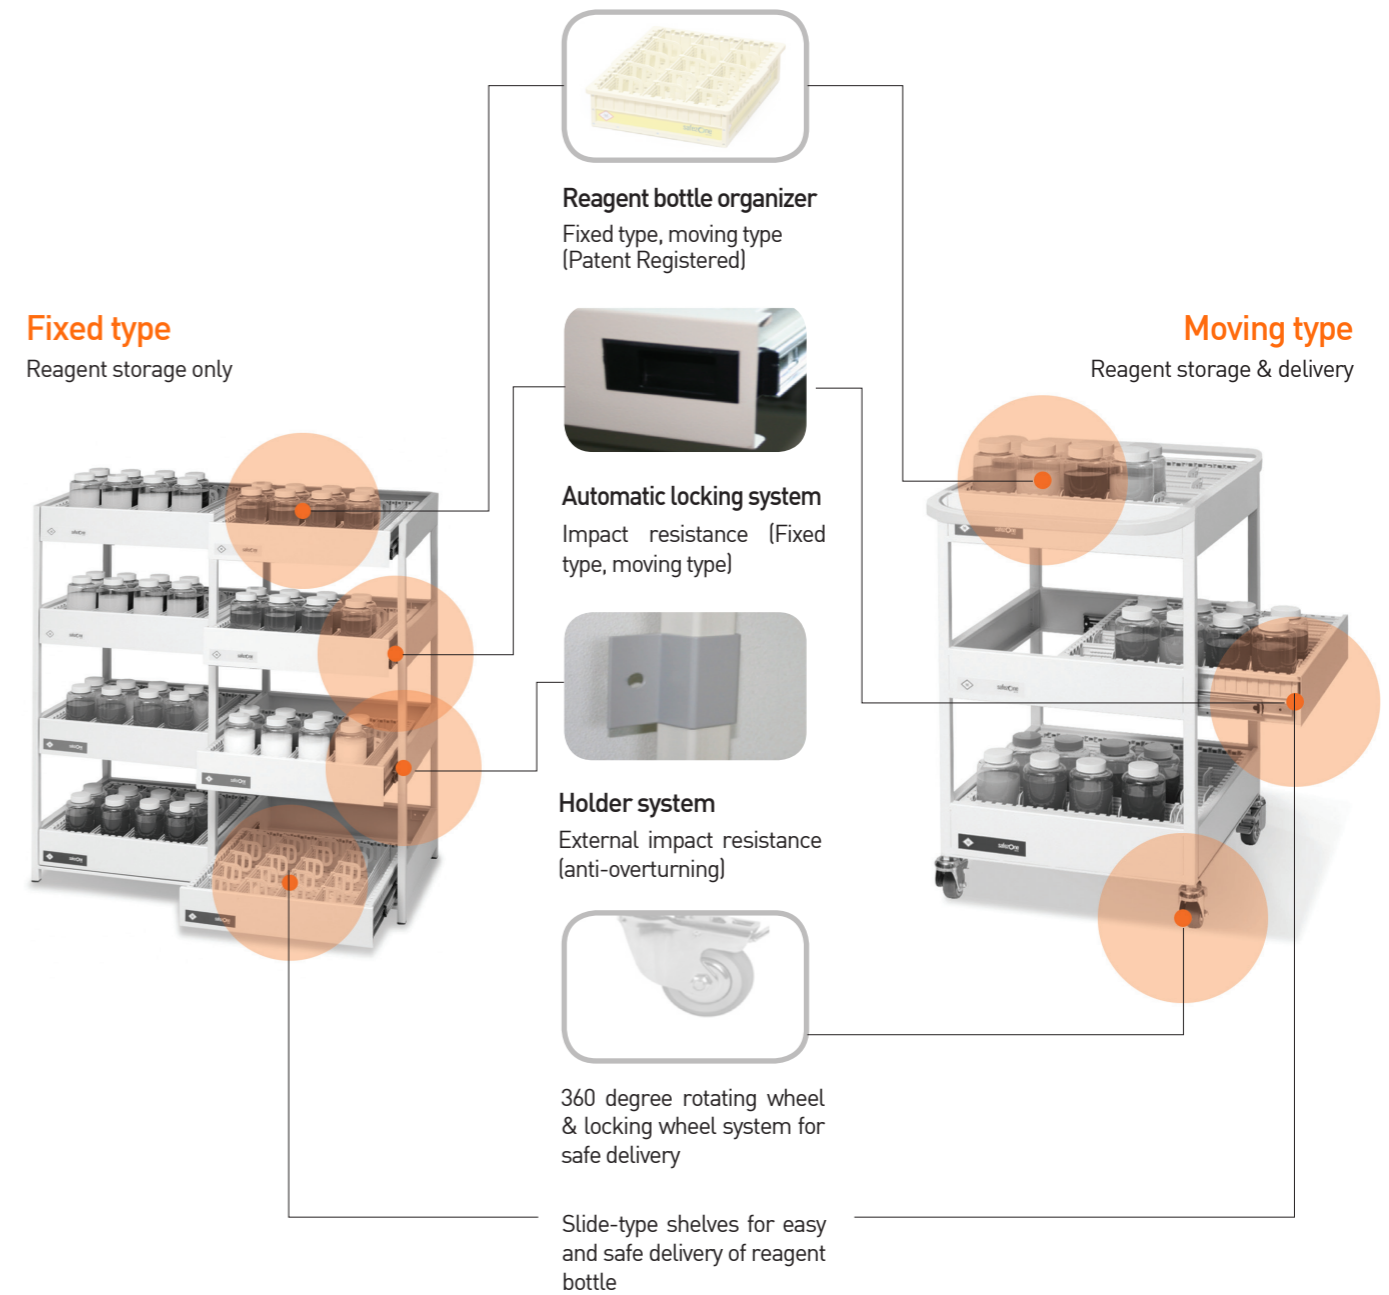

Features of Product

Safe reagent rack/ hanger

Key Features

Safe reagent rack/ hanger

UNA TECH, Safe laboratory & Safe Research

*Fixed type Safe Reagent Rack/Hanger can be custom-made to your requirement.

01_ Fixed type

SZ-SR03S
915 × 560 × 1160

SZ-SR03L
1215 × 560 × 1160

SZ-SR04S
915 × 560 × 1160

SZ-SR04L
1215 × 560 × 1160

SZ-SR05S
915 × 560 × 1160

SZ-SR05L
1215 × 560 × 1160

SZ-SR06S
915 × 560 × 1160

SZ-SR06L
1215 × 560 × 1160

SZ-SR10
995 × 560 × 1500

Safe reagent rack/ hanger

Practical and compact design of Safe Reagent Rack/Hanger helps you improve laboratory environment and maximum use of laboratory space. The most frequently used reagents can be easily classified, stored and delivered by this simple and budget type reagent rack/hanger.
